Certificate

Rinderpest status of Ethiopia

This is to certify that following a recommendation of the OIE Scientific Commission for Animal Diseases, the International Committee of the OIE approved on 30 May 2008 that Ethiopia be recognised by the OIE as free from rinderpest in accordance with the provisions of Article 2.2.12.2. of the OIE Terrestrial Animal Health Code.

This recognition is based on the documentation submitted to the OIE by the Official Veterinary Services of Ethiopia. The Delegate of Ethiopia to the OIE has the obligation to notify the OIE immediately of any epidemiological event relating to rinderpest in Ethiopia and to confirm annually that the epidemiological situation has remained unchanged.
